Price and conditions

For a group of 3 or more people: 60 euro pp for a day hike, 35 euro pp for half a day. Children < 16 get a price reduction. If you are solo or two persons, please contact us to see if you can join another group. The price includes preparation and guidance by the mountain leader, and must be paid in advance. The primary objective is to experience a mountain hike in a safe and informative way. Depending on your safety and that of the group, the mountain leader may modify or cancel the hike. This could be influenced by e.g. the weather, the condition of the terrain, the physical fitness and/or the equipment of the participants.

If the hike is canceled before the start, the payment of the mountain leader will also be cancelled. A person who does not follow the instructions of the mountain leader during the hike places him/herself outside of the group and the responsibility of the mountain leader.
